# Hidden Cameras, WiFi DVRs, Bugs and Detectors

# Hidden Cameras & Devices

## Covert Pin-Hole Camera Module With Microphone

Miniature, self contained camera module which can be mounted almost anywhere. Features include:

600 TV Line Resolution Camera.
3.7mm pinhole 90° Field Of View
Built in Microphone
Supplied with 20m of cable
5VDC A/C power adapter
Plugs directly into a TV or DVR
Body fully encased in plastic
Measures 15 x 15 x 19 mm, very easy to conceal
**D-I-Y Installation in minutes!**

**$129**  CctvModC

## Covert Screw Head Camera Module With Microphone

Miniature, self contained camera module which can be mounted almost anywhere. Features include:

600 TV Line Resolution Camera.
3.7mm pinhole 90° Field Of View
Built in Microphone
Supplied with 20m of cable
5VDC A/C power adapter
Plugs directly into a TV or DVR
Body fully encased in plastic
Measures 15 x 15 x 19 mm, very easy to conceal
**D-I-Y Installation in minutes!**

**$129**  ScrewCamCol

## Performance Covert Colour Camera Module

Miniature, covert pin hole camera module which can be mounted almost anywhere. Features include:

•**420 H-Line** high resolution Sony HAD CCD dual-board camera (Better than VHS Quality)
•**0.8 Lux** sensitivity (Good performance in darker conditions)
•20m of cable & A/C power adapter
•Plugs directly into a TV or VCR
•3.7 mm Pin Hole lens (Requires 2mm clearance hole for mounting).
•Measures 32x32x24mm
•**Full D-I-Y installation!**

**$149**  CctvBoardCB

# Fire Sprinkler Hidden Camera

Another popular model, a hidden camera disguised as a fire sprinkler. Simply plugs into the "video in" socket of any TV, DVR or capture card. Features include:

- Actual sprinkler case. Looks like the real thing.
- **420 H-Line** resolution colour CCD camera.
- **0.8** Lux Sensitivity (Better in darker conditions)
- 20 m of video cable.
- Standard RCA video plug
- Includes A/C power supply, instructions and mounting hardware.

**$129**       SprinkCamCol

# Alarm PIR Hidden Camera

Another popular model, a hidden camera disguised as an alarm sensor. Simply plugs into the "video in" socket of any TV, DVR or capture card. Features include:

- **420 H-Line** resolution colour CCD camera.
- **0.8** Lux Sensitivity (Better in darker conditions)
- 20 m of video cable.
- Standard RCA video plug
- Includes A/C power supply, instructions and mounting hardware.

**$129**       PirCamCol

# Smoke Alarm Hidden DVR Camera

A hidden camera and DVR housed inside a smoke detector.

- 1280*960 HD record capability in AVI format
- 16GB SD card allows approximately 10 hours recording (included)
- Connect to PC or laptop via USB cable
- Built in battery or PERMANENT AC POWER CONNECTION
- Can accept up to 32GB SD card
- Supplied with Instructions, 16GB SD Card, USB cable, AC Plug pack

**$249**       MtgSmokeDVR

# Covert Pinhole HD Alarm PIR IP Colour Camera

Utilising a 1 Megapixel WiFi capable IP camera, this unit is designed to offer exceptional picture quality and superior range.
Images can be streamed via 802.11x WiFi network to a PC or you can even watch from youriPhone using vMeye App!

- Unit can record via CMS PC platform (up to 64 cameras)
- Can be accessed via Windows I.E browser
- Supplied with Instructions, AC Plug Pack and software.

## $249     CCTVPIRWIFI

# 1 MegaPixel HD, Covert Colour IP Camera

Utilising a 1 Megapixel WiFi capable IP camera, this unit is designed to offer exceptional picture quality and superior range. Images can be streamed via 802.11x WiFi network to a PC or you can even watch from your iPhone using vMeye App! Features include:

•Has a range of up to 100 metres line of sight.
•1MP 4:3 1280 (H) X 720 (V) , D1 720x586, CIF 352x288, H.264
•Frame rate up to 15fps at 1280 x 720; up to 30fps at 720x576
•3.7mm pinhole lens, F1.2
•40 x 40 x 75mm including antenna and bracket (excluding lead), 0.8KG
•Continuous or motion detect recording via CMS software supplied
•P2P cloud remote access via CMS or vMeye Super smart phone app.
•Package includes, camera, mounting bracket, antenna, cable, power supply, software CD

## $249     CCTVWIFIMODC

# Photo Frame Hidden DVR Camera

A hidden camera and DVR housed inside a photo frame.
Ideal for hospitals, nursing homes, bedrooms, loungerooms

- 1280*960 HD record capability in AVI format
- 16GB SD card allows approximately 8 hours recording (included)
- Connect to PC or laptop via USB cable
- Built in battery (2 hours) or PERMANENT AC POWER connection.
- Can accept up to 32GB SD card
- Supplied with Instructions, 16GB SD Card, USB cable, AC Plug pack
- Can also connect to power bank

## $249     CCTVFRAME

# The Big Zipper
# Body DVR Pocket Camera

This camera allows you to record A/V directly to SD Card. Powered by a high capacity Li-Po battery means you can easily carry the camera around in a pocket, bag or any clip-able surface!

• Full HD 1920x1080, 5 MP still snapshots, 2MP video, up to 30fps
• Support TF Card Capacity: maximum 32GB  (16GB card included)
• OS Supported: WinXP, Win7,8,10 via USB Interface
• Video Format AVI including audio and TV Out (via cable supplied)
• Dimension / Weight  110 x 25 x 16 mm, 85g
• Power: Battery operated 850mA (approx. 5-6 hours recording)
• Can charge and record via optional USB Power bank
• Includes Camera, Instructions, 16GB SD Card, USB cable, AC Plug.

### $249         CCTVBIGZIPPER

# Covert Sunglasses
# Body DVR Camera

With its look to point ability, this camera allows you to record A/V directly to SD Card. Powered by a rechargeable 280mA battery means you can easily carry the camera around!

• Full HD 1920x1080, 5 MP still snapshots, 1.3 MP video, up to 30fps
• Support TF Card Capacity: maximum 32GB  (16GB card included)
• OS Supported: WinXP, Win7,8,10 via USB Interface
• Video Format AVI including audio
• Dimension / Weight  160 x 140 x 40 mm, 35g
• Power: Battery operated 280mA (approx. 1-2 hours recording)
• Includes Camera, Instructions, 16GB SD Card, USB cable, AC Plug.

### $299         CCTVSHADES

# Covert WiFi
# Body Dot DVR Camera

Wearable Body Camera, stick on any surface, Capture HD 1920x1080P, Mini Size Round Design, Motion Detection , Loop Recording, Charging While Recording,
• Support TF Card Capacity: Maximum 64GB, 16GB card included allows approximately 10 hours recording.
• Video Format AVI including audio, 90 Degree field of view
• Dimension / Weight: φ39 x 15.9mm, 20g
• Interface: Micro USB (Recharge only)
• Power: Battery operated 300mA Li-ion (approx. 1-2 hours recording)
• Internal wifi allows you to control/watch within 10 meters (Not P2P)
• Includes Camera, Instructions, 16GB SD Card, USB cable, AC Plug, magnetic mounting pad
• Can also connect to power bank

### $299         BODYDOTI

# Can Cam Wi-Fi
# Fisheye Hidden DVR Camera

A hidden camera and DVR housed inside a can sized enclosure It records video onto SD card or allows remote monitoring by smartphone via internet / wifi. Features include:

- Hide inside any small energy drink can
- 1280 x 960 HD AVI record including audio and two-way audio
- Motion Detect Record of Fisheye view with no blind spots
- 16GB SD card allows approximately 8 hours record time (included - Can accept up to 128GB SD card )
- Connect to PC or laptop via USB cable or Wifi
- Runs on AC for permanent installations
- Wifi connection to network / internet
- Smart Phone remote view with two-way audio
- Supplied with Instructions, 16GB SD Card, USB cable, AC Plug pack

### $349          CanCam360

# Covert Desk Clock
# Hidden DVR Camera

A hidden camera and DVR housed inside a desk clock. Simply records video onto SD card or allows remote monitoring by smartphone via internet / wifi. Features include:

- 1280 x 720 HD AVI record including audio
- 16GB SD card allows approximately 8 hours record time (included - Can accept up to 32GB SD card )
- Night Vision LEDs and wide angle 90° Field of View
- P2P cloud access via HDMiniCam app
- Runs on AC for permanent installations
- Wifi connection to network / internet
- Supplied with Instructions, 16GB SD Card, USB cable, AC Plug pack and LiPo rechargeable battery

### $349          WifiClockDVR

# Light Bulb Wi-Fi
# Hidden DVR Camera

A hidden camera and DVR housed inside a light bulb / desk lamp. It records video onto SD card or allows remote monitoring by smartphone via internet / wifi. Features include:

- 1280 x 960 HD AVI record including audio
- Motion Detect or continuous record
- 16GB SD card allows approximately 8 hours record time (included - Can accept up to 32GB SD card )
- Connect to PC or laptop via USB cable or Wifi
- Runs on AC for permanent installations
- Wifi connection to network / internet
- Smart Phone remote view with two-way audio
- Supplied with Instructions, 16GB SD Card and USB SD card Reader

### $349          CCTVLIGHTWIFI

# Bear Wi-Fi
# Hidden DVR Camera

A hidden camera and DVR housed inside a cute bear. It records video onto SD card or allows remote monitoring by smartphone via internet / wifi. Features include:

- 1280 x 960 HD AVI record including audio and two-way audio
- Motion Detect or continuous record
- 16GB SD card allows approximately 8 hours record time (included - Can accept up to 32GB SD card )
- Connect to PC or laptop via USB cable or Wifi
- Runs on AC for permanent installations
- Wifi connection to network / internet
- Smart Phone remote view with two-way audio
- Supplied with Instructions, 16GB SD Card, USB cable, AC Plug pack

**$349**        WIFIBEARDVR

# Desk Lamp Wi-Fi
# Hidden DVR Camera

A hidden camera and DVR housed inside a light bulb / desk lamp. It records video onto SD card or allows remote monitoring by smartphone via internet / wifi. Features include:

- 1280 x 960 HD AVI record including audio
- Motion Detect or continuous record
- 16GB SD card allows approximately 8 hours record time (included - Can accept up to 32GB SD card )
- Connect to PC or laptop via USB cable or Wifi
- Runs on AC for permanent installations
- Wifi connection to network / internet
- Smart Phone remote view with two-way audio
- Supplied with Instructions, 16GB SD Card and USB cable

**$349**        CCTVLAMPWIFI

# Battery Bank Wi-Fi
# Hidden DVR Camera

A hidden camera and DVR housed inside a real battery bank. It records video onto SD card or allows remote monitoring by Android smartphone via internet / wifi. Features include:

- 1080P HD AVI record including audio
- Motion Detect or continuous record
- 16GB SD card allows approximately 8 hours record time (included - Can accept up to 128GB SD card )
- Connect to PC or laptop via USB cable or Wifi
- Approximate 2 Hour Battery operation, can charge and operate 24/7
- Wifi connection to network / internet
- Smart Phone remote view (Android Only)
- Supplied with Instructions, 16GB SD Card, USB cable, AC Plug pack

**$349**        CCTVBATWIFI

# Smoke Detector Wi-Fi Fisheye Hidden DVR Camera

A hidden camera and DVR housed inside a smoke detector. It records video onto SD card or allows remote monitoring by smartphone via internet / wifi. Features include:

- 1280 x 960 HD AVI record including audio and two-way audio
- Motion Detect Record of Fisheye view with no blind spots
- 16GB SD card allows approximately 8 hours record time (included - Can accept up to 128GB SD card )
- Connect to PC or laptop via USB cable or Wifi
- Runs on AC for permanent installations
- Wifi connection to network / internet
- Smart Phone remote view with two-way audio
- Supplied with Instructions, 16GB SD Card, USB cable, AC Plug pack

**$349**          SMOKWIFI360

# Covert iPhone Charger HD DVR Camera

The CCTVCHARGEIOS is the most practical covert HD camera we've ever seen! With its point and shoot ability, the camera allows you to record audio video images directly to SD Card or watch the camera live over WiFi and the internet & from your phone. It's also a real desktop charger.

- Full HD 1920x1080, • Cloud Based P2P remote access
- Support TF Card Capacity: maximum 64GB (16GB card included)
- 2 Way Audio (built in Mic and Speaker) • Motion Detect Recording
- WiFi: 802.11b/g/n • View Angle: 60 degree, 160 x 140 x 40 mm size
- Includes Camera, Instructions, 16GB SD Card, USB cable, & Plug Pack

**$349**          CCTVCHARGEIOS

# Covert Android Charger HD DVR Camera

The CCTVCHARGEDROID is the most practical covert HD camera we've ever seen! With its point and shoot ability, the camera allows you to record audio video images directly to SD Card or watch the camera live over WiFi and the internet & from your phone. It's also a real desktop charger.

- Full HD 1920x1080, • Cloud Based P2P remote access
- Support TF Card Capacity: maximum 64GB (16GB card included)
- 2 Way Audio (built in Mic and Speaker) • Motion Detect Recording
- WiFi: 802.11b/g/n • View Angle: 60 degree, 160 x 140 x 40 mm size
- Includes Camera, Instructions, 16GB SD Card, USB cable, & Plug Pack

**$349**          CCTVCHARGEDROID

# Ultra Sensitive Miniature Microphone

- Super sensitive pickup. Can pick up sounds from several rooms away. Ideal for covert surveillance
- Includes 10m of cable and power supply
- Microphone measures 7mm diameter x 24mm
- Plugs directly into AV input of mosts TVs and VCRs

**$69**     Mic01

# Wireless Camera and Bug Detector

Make sure your private conversations stay private with this mini RF bug detector. The super sensitive broad band tuner will detect radio transmissions from bugging equipment operating between 1Mhz & 6,500Mhz (6.5Ghz) and alert you to them via a three stage LED indicator and beep alarm. The faster the beep, the stronger the signal being detected. The unit can also be operated in silent mode with the built-in vibrator or by using the mini earphone supplied.
Other features include an RF sensitivity control, a 'battery low' warning light and handy belt clip. Measures 48 (W) x 93 (H) x 17 (D)mm & weighs just 90 grams, and powered via Li-Po rechargeable battery.
Package includes earphones, battery, charger and manual

**$199**     BugDet01

# Covert GSM GPS GPRS BUG and Tracker

Plug your SIM card into this bug and it will transmit,simply ring your number and the unit will answer the call and as a bug, play live audio or as a tracker unit it will respond with the coordinates of its location through an SMS message. You can then use these coordinates on any mapping software (for example Google earth) which will show where exactly the unit is located

No Noise, No light, undetectable! Can run off USB power for indefinate use as both a bug and GPS tracker

- Connect to PC, laptop, car or house charger via USB connection
- Works with any Australian Sim Card (Not 3G)
- Charges both android or Apple devices
- Package includes USBBUG cable and micro USB to iOS adapter

**$249**     USBBUG

# Professional Bug Detector

This RFM01 Electrosmog meter is designed for quick measurement of high frequency (RF) Electromagnetic wave field strength and power level for living environment, excellent for individual or company with Electromagnetic wave safety concerns. It has broad bandwidth (1mHz to 8GHz), high sensitivity (-55dBm to 0dBm) and fast response time.

Features Include

- Wide frequency range: 1MHz to 8GHz
- Super Wide dynamic range 60dB
- High sensitivity -55dBm to 0 dBm (25mV/m to 14.8V/m)
- Peak power density measurement 1.5uW/m2 to 0.58W/m2
- LCD digital Histogram and Bar display to display power density level
- Ultra fast colour LED 8 segment level display for easy signal level indication
- Continue wave (AM,FM) and High speed Burst RF(GSM,TDMA,CDMA,WiFi,WiMAX)
- Accurate, easy to use device, excellent for personal Electrosmog exposure evaluation for living environment, such as close by Mobile phone base station antenna
- Small, compact handheld design, measuring 14cmx6.5xcmx3cm
- Battery operated (2 x AA included)
- CE Approved. Compliance with RoHS.
- Supplied with black tactical quick disconnect, equipment pouch

Applications Include

• RF field strength/power level measurement • Cellular phone base station radiation power • Density safety measurement • Telecommunications (CW,TDMA,GSM,DECT) • RF safety measurement, UWB • RF Transmitters power output measurement •Wireless LAN (Wi-Fi) detection, installations • Spy camera, wireless bug finder • Cellular/cordless phone radiation safety level • Microwave oven leakage detection • Personal living environment EMF safety

## $499     BugDet03

# vMeye DVR

## DIGITAL SURVEILLANCE SYSTEM

**High Resolution Continuous Digital Recording - Compact Design - Motion Detect - Direct Hard Drive Recording - Digital Zoom - Simple Set and Forget Operation 1000 GB Hard Drive - Smart Phone Remote View**

**WD Purple 1TB Surveillance Hard Drive**

**Analogue**

# Package Contents
# $399

**1 x <u>vMeyeDVR4</u> 4 Port Digital Video Recorder Instruction manual 1 x 1000 GB Hard Drive**
(vMeyeDVR04)

**Also Available in 8 ($499) and 16 ($599) Port Systems**

The vMeye series DVR is designed specially for the security industry offering an outstanding digital surveillance product. It introduces embedded LINUX operating system which is more stable. It introduces standard H.264mp video compressed format and G.711A audio compressed format which insures the high quality image, low error coding ratio and single frame playing.

It introduces TCP/IP network technology which achieves the strong network communication ability.

The vMeye series DVR can be used individually or online applied as a part of a surveillance network.

With the professional network video surveillance software it achieves the strong network communication ability and telecommunication ability.

* 10/100 Base-T Ethernet connection.
* Full control from remote locations
* Smart phone remote view
* On screen display.
* Digital recording with H.264 compression.
* Full search functions.
* Picture in picture.
* Video loss detection.
* Password protection.
* Alarm input and output.

* Video format: NTSC/PAL.
* Resolution: 720 x 576 pixels (PAL).
* Refresh rate: 100 frames / sec PAL.
* Video output: 1Vp-p into 75ohms.
* Recording rate: Up to 25 frames / sec PAL.
* Supported protocals: TCP/IP, ICMP, SMTP, HTTP, FTP.
* Dwell time: 1 - 15 sec programmable.
* Power consumption: <32W.
* Dimensions: 343(W) x 223(D) x 59(H)mm.

## Austral Surveillance

Austral Surveillance is an independent Australian organisation
dedicated to the electronic surveillance industry. Our aim is simple:
"Comprehensive security at an affordable price"

## Price & Stock Availability

All prices in this catalogue include GST. Order turnaround ranges from 2 - 5 working days depending
on stock availability and geographic location. In the event of an 'out of stock' your order can be placed
on 'back order' if specified to do so.
Ownership of goods does not pass until proceeds of payment are cleared.

## Camera Connection

All cameras in this catalogue simply plug into the A/V video input socket on monitors, T.V.'s, VCR's DVRs and
capture cards. In most cases a DVR will be used to record images in your absence.

## Privacy Policy

All units in this catalogue are sold with the understanding that they will be used for personal purposes only. These units are
designed to be used in the home or office where they will not invade the privacy of others. No responsibility will be taken
for equipment misuse which results in legal action.
All customer information collated by Austral Surveillance is done so in the strictest of confidence. Under no
circumstances is any information 'shared' with other organisations for marketing or any other purpose.

## Warranty and Disclaimer

Austral Surveillance (seller) warrants its products to be in conformance with its own plans and specifications and to be free
from defects in materials and workmanship under normal use and service for 12 months from the date of original purchase
unless specified otherwise. Sellers obligation will be limited to repairing or replacing , at its discretion, free of charge for
materials o labour, any part which is proved not in compliance with Sellers specifications or proves defective in materials
or workmanship under normal use and service. Seller shall have no obligation under this limited warranty or otherwise, if
the product is altered or improperly repaired or serviced by anyone other than the seller. For warranty
service, return faulty product, transportation prepaid, to address above. Seller has no obligation to attend the buyers
location to retrieve the goods, or make repairs onsite.
There are no warranties, expressed or implied, of merchantability, or fitness for a particular purpose or otherwise, which
extend beyond the description on the face hereof. In no case shall the Seller be liable to anyone, for any consequential or
incidental damages for breach of this or any other warranty, express or implied, or upon any other basis of liability
whatsoever, even if the loss or damage is caused by its own negligence or fault.
Seller does not represent that the products it sells may not be compromised or circumvented; that the products will
prevent any personal injury or property loss by burglary, robbery, fire, theft or otherwise; or that the products will in all
cases provide adequate warning or protection. Customer understands that a properly installed and maintained
surveillance and / or security system may only reduce the risk of burglary, robbery, theft or fire without warning, but it is
not insurance or a guarantee that such will not occur or that there will be no personal injury or property loss as a result.
Consequently, Seller shall have no liability for any personal injury; property damage or other loss based on a claim that the
product failed to give any warning or detection. However, if the seller is held liable, whether directly or indirectly, for any
loss or damage arising under this limited warranty or otherwise, regard less of cause or origin, Seller's maximum liability
shall not in any case exceed the purchase price of the product, which shall be the complete and exclusive remedy against
the seller. No increase or alteration, written or verbal, of the obligations of this Limited Warranty is authorised.

The illustrations, information & specifications presented within this catalogue were correct at time of printing & were
based on information supplied by manufacturers. Austral Surveillance does however reserve the right to change the
specifications, designs & prices or discontinue lines presented in this catalogue at it's discretion & without notice.
Austral Surveillance is not liable for typographical errors. This catalogue supersedes all
others from Austral Surveillance. All freight is at buyers risk, unless insurance is arranged.
Any contract entered into by Austral Surveillance, shall be governed by the laws of the State of NSW, Australia
Full Terms and Conditions available on the Austral Surveillance web site.
