

# Secure your apartment Now!

Feature packed, this 8 zone "plug & secure" wireless alarm system incorporates the latest supervised wireless technology for your security and peace of mind.

The product is easy to install, expand or relocate, making it ideal for owner occupied or rented premises. You can utilise any of our wireless detectors to expand the system to meet your needs. All programming is done simply via the high security code hopping remote controls supplied.

The Wireless PIR Sensors are also compatible with our ENSA Energy Saving & Home Automation products.
